

ACKNOWLEDGEMENT

I am immensely grateful to everyone who has contributed to the completion of this thesis. First and foremost, I would like to express my deepest gratitude to Jesus Christ, whose blessings, guidance, and grace have been my foundation throughout this journey. Without His blessings in my life, none of my works would have been possible. I would also like to thank my supervisor, Ibu Anita Kurniawati Hadiyanto, M. Hum. Thank you for the time, knowledge, and invaluable guidance that you gave me during my thesis writing. I would also like to thank my second reader, Ibu Antonina Anggraini Setiamunadi, M.Pd., who helps and provides time to read, check, and also gives valuable feedback. I would also like to thank the participants of this study. Your willingness to share your experiences is deeply appreciated. My heartfelt thanks go to my family. To my parents for all your prayers, support, and your unconditional love. To my siblings, thank you for all the extra support and guidance that you have given to me. I owe a special debt of gratitude to my best friends: Violita, Diva, and Citra for your help, support, and love you gave to me. Also, for all of my college friends, especially for Anogi Group who always gives me motivation and brings me happiness during all the semesters we have been through together. Thank you all from the bottom of my heart. This thesis is a testament to your love, support, and belief in me.

APPENDIX

The questions for interview protocol:

1. First of all, could you please introduce yourself?
2. How long have you been teaching in this school?
3. Do you use storytelling in your classroom?
4. What is your reason for using or not using storytelling in your classroom?
5. What do you think about storytelling?
6. What do you think about the use of storytelling in a classroom?
7. A: In your opinion, do the use of storytelling methods in teaching affect the students' learning processes?

8. B: If yes, could you mention what is / are the affect(s) that the students can get through the use of storytelling?
9. Do you think that storytelling needs to be included in high school curriculum?

Piloting Result

After I finished the interview and the transcript, I got several things as a result. The first one is about the interviews' time. Based on the recording, I only got around 7 minutes interview for each participant. However, it is not appropriate because I chose a semi-structured interview, where I should get more data on it so it could be more than 10 minutes. Besides, the second reason is about my interview questions. After the piloting, I realized that there were several questions that were inappropriate because the questions were not clear enough. So here I need to change those questions to be more clear.

These are the interview questions before and after I change the questions:

No	Before	No	After
1.	First of all, could you please introduce yourself?	1.	First of all, could you please introduce yourself?
2.	How long have you been teaching in this school?	2.	How long have you been teaching in this school?
3.	Do you use storytelling in your classroom?	3.	Do you use storytelling in your classroom?
4.	What is your reason for using or not using storytelling in your classroom?	4.	What is your reason for using or not using storytelling in your classroom?
5.	What do you think about storytelling?	5.	What is your own definition of storytelling?

6.	What do you think about the use of storytelling in a classroom?	6.	What do you think about the use of storytelling in a classroom?
7.	In your opinion, do the use of storytelling methods in teaching affect the students' learning processes?	7.	In your opinion, do the use of storytelling methods in teaching affect the students' learning processes?
8.	If yes, could you mention what is / are the affect(s) that the students can get through the use of storytelling?	8.	If yes, could you mention what is / are the affect(s) that the students can get through the use of storytelling?
-	-	9.	In your opinion, are there any challenges that the teachers or students will get while using the storytelling in a classroom?
-	-	10.	If yes, could you mention what is / are the challenge(s) that the students can get through the use of storytelling in a classroom?
9.	Do you think that storytelling needs to be included in high school curriculum?	11.	Do you think that storytelling needs to be included in high school curriculum?

Based on the table above, there is one question (number 5) that I chanced because these questions were quite similar with the questions number 6. So, I chance it to make the questions more clear. Then, I also add two more questions because I think it is important to know and it can also help me to get the answers of the teachers' perceptions of the use of storytelling in the classroom, whether how it is good and how it is bad.
